

AI Extensions & Tools Reference Guide

Extension / Tool	Platform	Key Features	Best Usage	Suitable For
Superpower ChatGPT	Chrome	Chat folders, bookmarks, exports, prompt library, search chats	Organizing Chat GPT workflows and productivity	Power users, researchers, professionals
WebChatGPT	Chrome	Adds real-time web search results into Chat GPT	Current affairs, market research, latest updates	Analysts, researchers, students
Merlin AI	Chrome	AI assistant across websites, You Tube summaries, email drafting	Daily productivity and quick AI assistance	Professionals, marketers, developers
Monica AI	Chrome/Edge	Sidebar AI assistant, summarization, translation, writing help	Web browsing productivity	Students, writers, business users
ChatHub	Chrome	Compare Chat GPT, Claude, Gemini, and other LLMs together	Cross-model answer comparison	AI engineers, prompt engineers
AIPRM for ChatGPT	Chrome	Ready-made prompt templates for SEO, marketing, coding	Fast prompt execution	Marketers, SEO professionals
ChatGPT Exporter	Chrome	Export chats into PDF, Markdown, TXT	Documentation and knowledge sharing	Teams, consultants
Compose AI	Chrome	AI autocomplete and writing assistant	Faster email and content writing	Corporate users, writers
Sider AI	Chrome/Edge	AI sidebar for summarization, translation, chat assistance	Productivity enhancement	Students, researchers
HARPA AI	Chrome	AI automation, web monitoring, SEO assistance	Browser automation and monitoring	Growth teams, researchers
Wiseone AI	Chrome	AI-powered reading assistant and article summarizer	Research and learning	Students, analysts
YouTube Summary with ChatGPT	Chrome	Generates You Tube video summaries	Fast video learning	Learners, professionals
Promptheus	Chrome	Voice interaction with Chat GPT	Hands-free prompting	Productivity users
Talk-to-ChatGPT	Chrome	Voice-based conversations with Chat GPT	Conversational AI workflows	Accessibility, multitasking
Tactiq AI	Chrome	Meeting transcription and AI summaries	Meeting notes and action items	Teams, managers
Fireflies.ai	Web/Extension	AI meeting recorder and summarizer	Meeting productivity	Enterprises, startups
Otter.ai	Web/Mobile	AI transcription and collaboration	Interviews and meetings	Students, businesses
Notion AI	Web/App	AI inside Notion workspace	Documentation and productivity	Teams, creators
Grammarly AI	Browser/App	Grammar correction and AI rewriting	Professional communication	Everyone
Perplexity AI	Web/App	AI-powered search and research	Research with citations	Researchers, students
GitHub Copilot	VS Code/IDE	AI coding assistant and autocomplete	Software development	Developers
Codeium	IDE Extension	Free AI coding assistant	Coding productivity	Developers, students
Tabnine	IDE Extension	AI code completion	Faster coding	Engineering teams
Continue.dev	VS Code/Jet Brains	Open-source AI coding assistant	AI-assisted development	Developers

Extension / Tool	Platform	Key Features	Best Usage	Suitable For
Flowise AI	Web	Drag-and-drop AI workflow builder	Agentic AI applications	AI engineers
LangChain	Framework	AI orchestration framework	AI agents and RAG systems	AI developers
LlamaIndex	Framework	Data framework for LLM apps	RAG pipelines and enterprise search	AI architects
n8n	Automation Platform	Workflow automation with AI integrations	AI process automation	Startups, enterprises
CrewAI	Framework	Multi-agent orchestration	AI team workflows	Agentic AI developers
AutoGen	Framework	Multi-agent AI systems	Autonomous AI workflows	Advanced AI engineers
PydanticAI	Framework	Structured AI application framework	Reliable enterprise AI apps	Backend engineers
